

# Luce School Side BMP Conceptual Design

706.858

8266.05

295.833

1348.65

Catchbasin flow will be redirected into low point

Low point will be engineered to function as a biocell. Elevation of existing catchbasin will be raised and will serve as overflow

## Legend

-  BMP (sqft)
-  Drainage\_Area (sqft)
